Profile

Established in the year 1991, we, "Hi- Tec Power Controls Ahmedabad", are an ISO 9001:2008 certified manufacturer, supplier and marketer engaged in offering Power Conditioning Products, Solar PV Power Products. The products offered by us are manufactured in compliance with the set industry standards and norms using high-grade raw material, which is procured from the reliable vendors of the market. These products are widely demanded and appreciated for their reliability, durability, hassle-free performance and strong construction. Owing to all these attractive features, our offered products find their wide application in government & corporate sectors, institutions, hospitals and private sectors.

Our organization has established a sound and sophisticated infrastructure in Ahmedabad, Gujarat, which is spread across a wide area. This infrastructure is segregated into various departments that help in carrying out all our business related activities in a streamlined manner. Moreover, each department of our infrastructure is well-equipped with required machines and equipment, which are upgraded on a regular basis. This also helps us in maintaining the excellent rate of production. We have also appointed a team of highly skilled professionals to manage the activities of our infrastructure in an efficient manner. These professionals also make sure that the entire range is delivered to the customers as per their specific requirements. To ensure this, they remain in close contact with the clients to understand their requirements and offer the products accordingly. Our professionals also make sure that the products are delivered to the patrons within the stipulated period of time. For this, we have established a large warehousing facility, which is well-connected with various transportation modes. Owing to our all these activities, we have been able to serve many reputed customers across the nation.
